

Career Clusters and Programs of Study: Connecting School to Careers

Illinois School Counselor Association
Conference, Springfield, IL

April 23, 2010

Kathleen Oertle, OCCRL

Dora Welker, ISBE

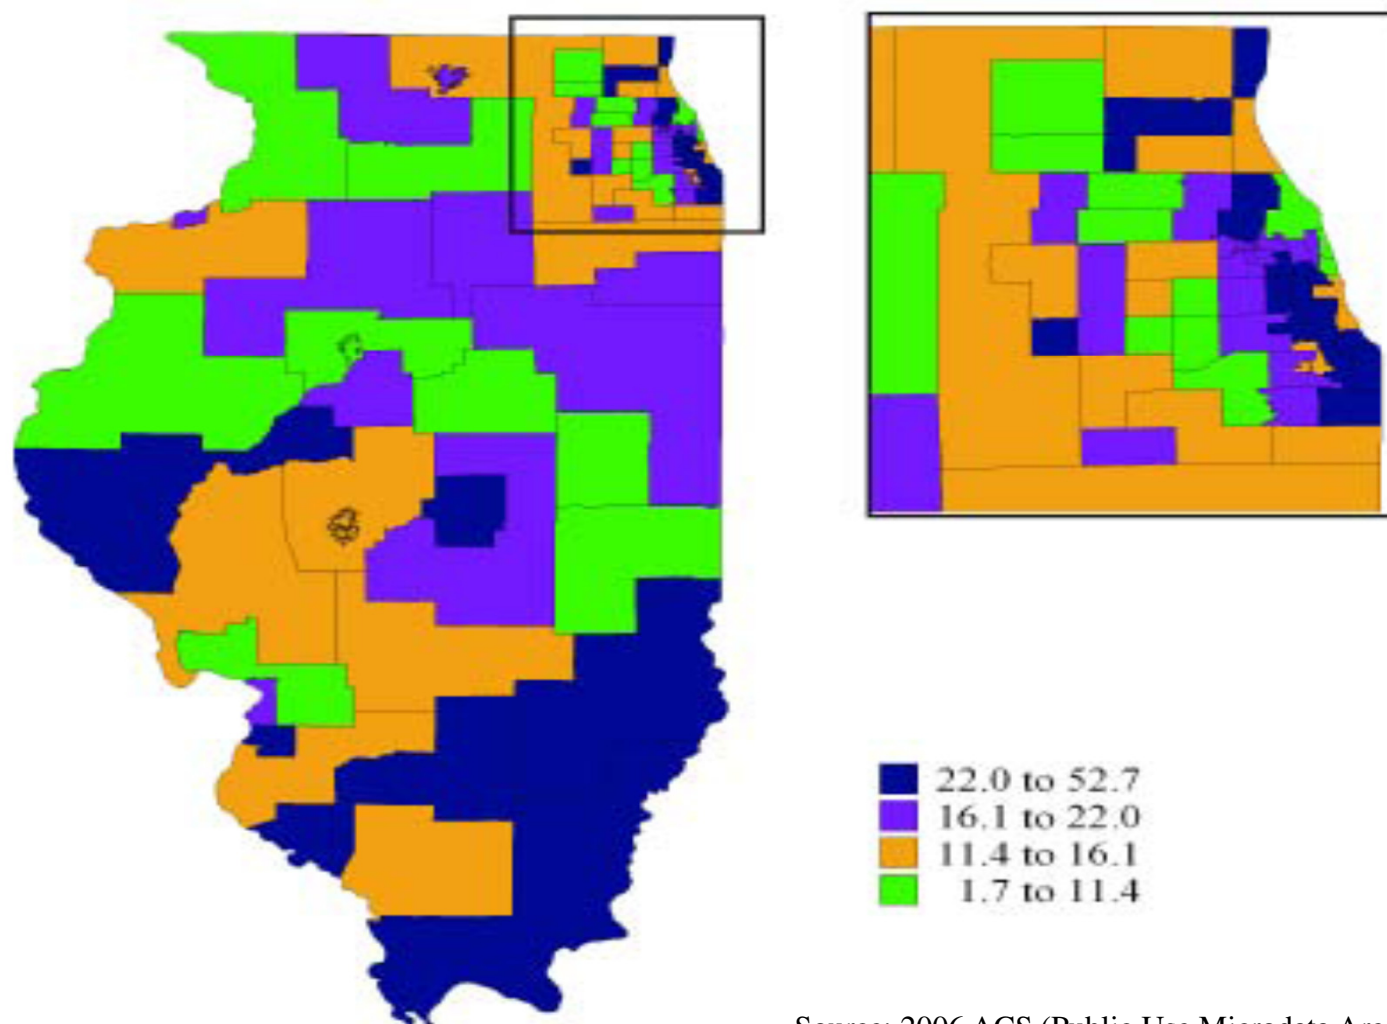

Kristy Morelock, ICCB

PRESENTATION OBJECTIVES

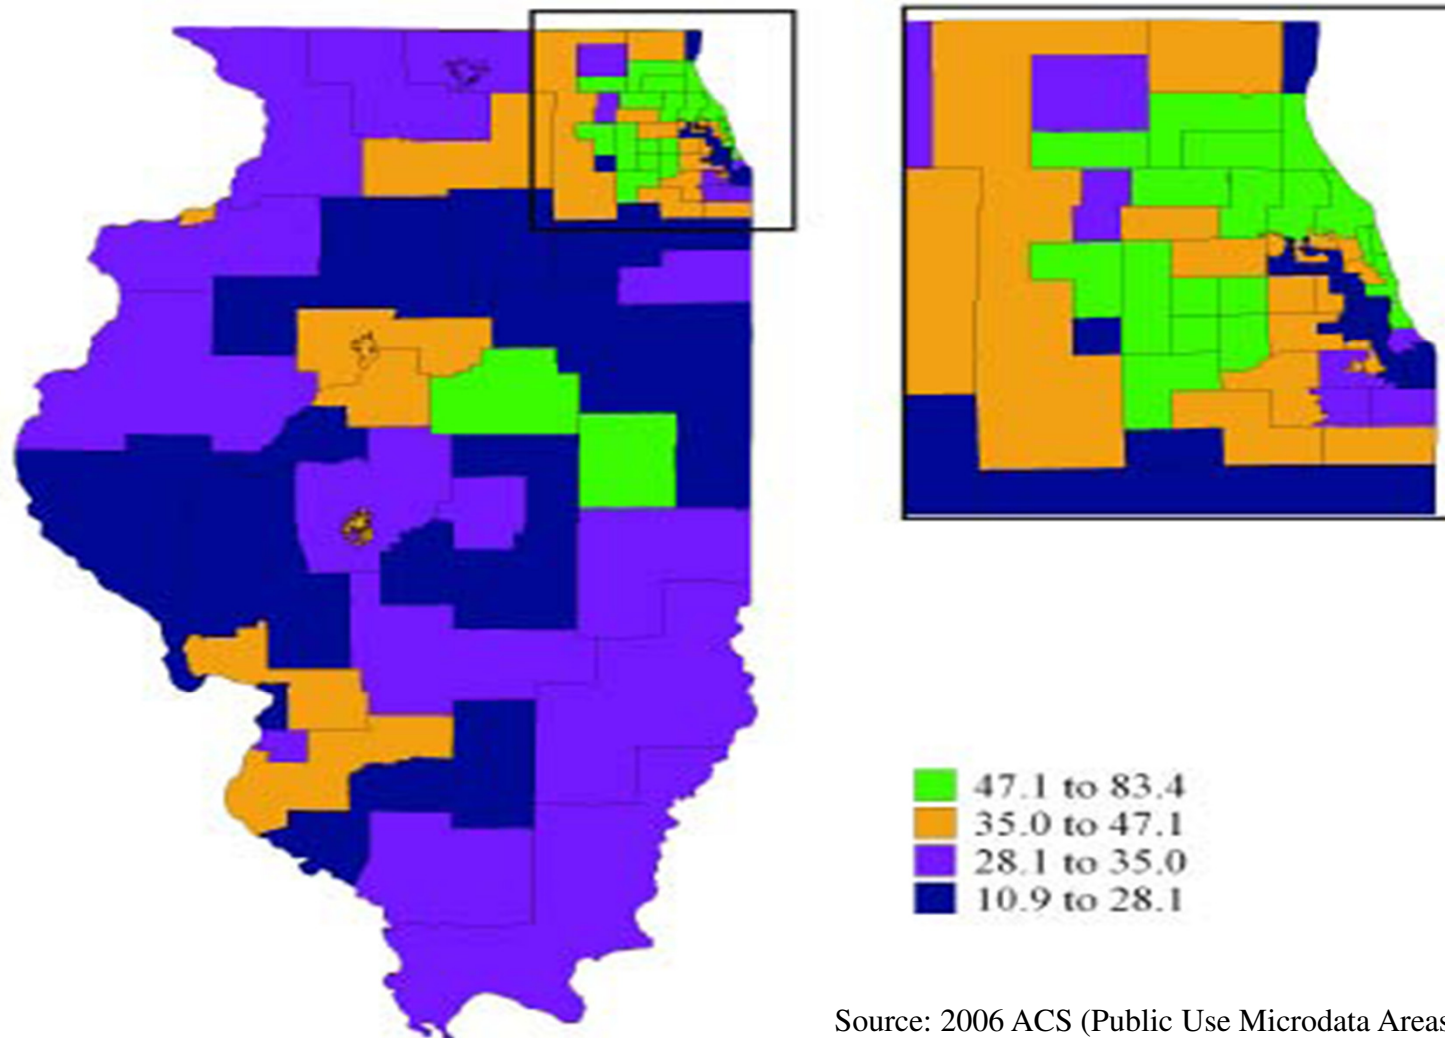

- Provide a greater understanding of Career Clusters and Programs of Study.
- To explain the potential of Career Clusters and Programs of Study as effective counseling tools and a means of assisting with career exploration and development

Percent of population age 18-24 with *no high school diploma or equivalency*, 2006

Source: 2006 ACS (Public Use Microdata Areas -PUMS)

Percent of population age 25-64 with *an associate's degree or higher, 2006*

Source: 2006 ACS (Public Use Microdata Areas -PUMS)

IN THE PAST.....

Insufficient career preparation

THE CHALLENGES

- ***Engagement*** – attending school and completing (graduating) high school
- ***Achievement*** – academic (and technical) course taking; grades, test scores
- ***Transition*** – to postsecondary education without the need for remediation; and to the workplace

WHY AREN'T STUDENTS ENGAGED?

- Students lack motivation to learn

- Don't see relevance
- Lack focus
- Abstract subject matter
- Academics that lack rigor

- Students ***need***:

- Awareness of the link between education & the workplace
- Career information that links to education

CHALLENGES WE FACE – INFLUENCERS THAT ARE PUSHING CHANGE

- A high and rising drop out rate of secondary students
- Devalued high school diploma
 - High school graduates lack in basic math and science skills
 - Extraordinarily high remediation rates
- Most students think they are going to college, but do not prepare for it or any other possible future

THEN

NOW

VOCATIONAL EDUCATION	CAREER AND TECHNICAL EDUCATION
For a few students	For ALL students
For a few “Jobs”	For ALL “Careers”
6 to 7 “Program Areas”	16 Clusters - 79 Pathways
In lieu of academics	Aligns/Supports academics
High School focused	High School and College Partnership

CTE PROGRAM COMPONENTS MUST INCLUDE.....

- Alignment of rigorous academic standards and student achievement standards
- Include academic and CTE content in a coordinated, non-duplicative progression of courses
- Are relevant and challenging at the secondary and postsecondary level
- Lead to employment in high skill, high wage, or high demand occupations
- Offer opportunities for dual credit or dual enrollment
- Lead to a degree, certificate, or credential

Secondary and Postsecondary Alignment

- Aligned curricula
- Seamless transitions
- Dual credit
- Career development
- Professional development

- Articulation agreements
- Data-sharing agreements
- Partnerships and Collaboration
- Continuous improvement

TERMINOLOGY

Career Clusters

Career Pathways

Programs of Study (POS)

What are Career Clusters?

Career Clusters are groups of occupations and industries that have in common a set of foundational level knowledge and skills.

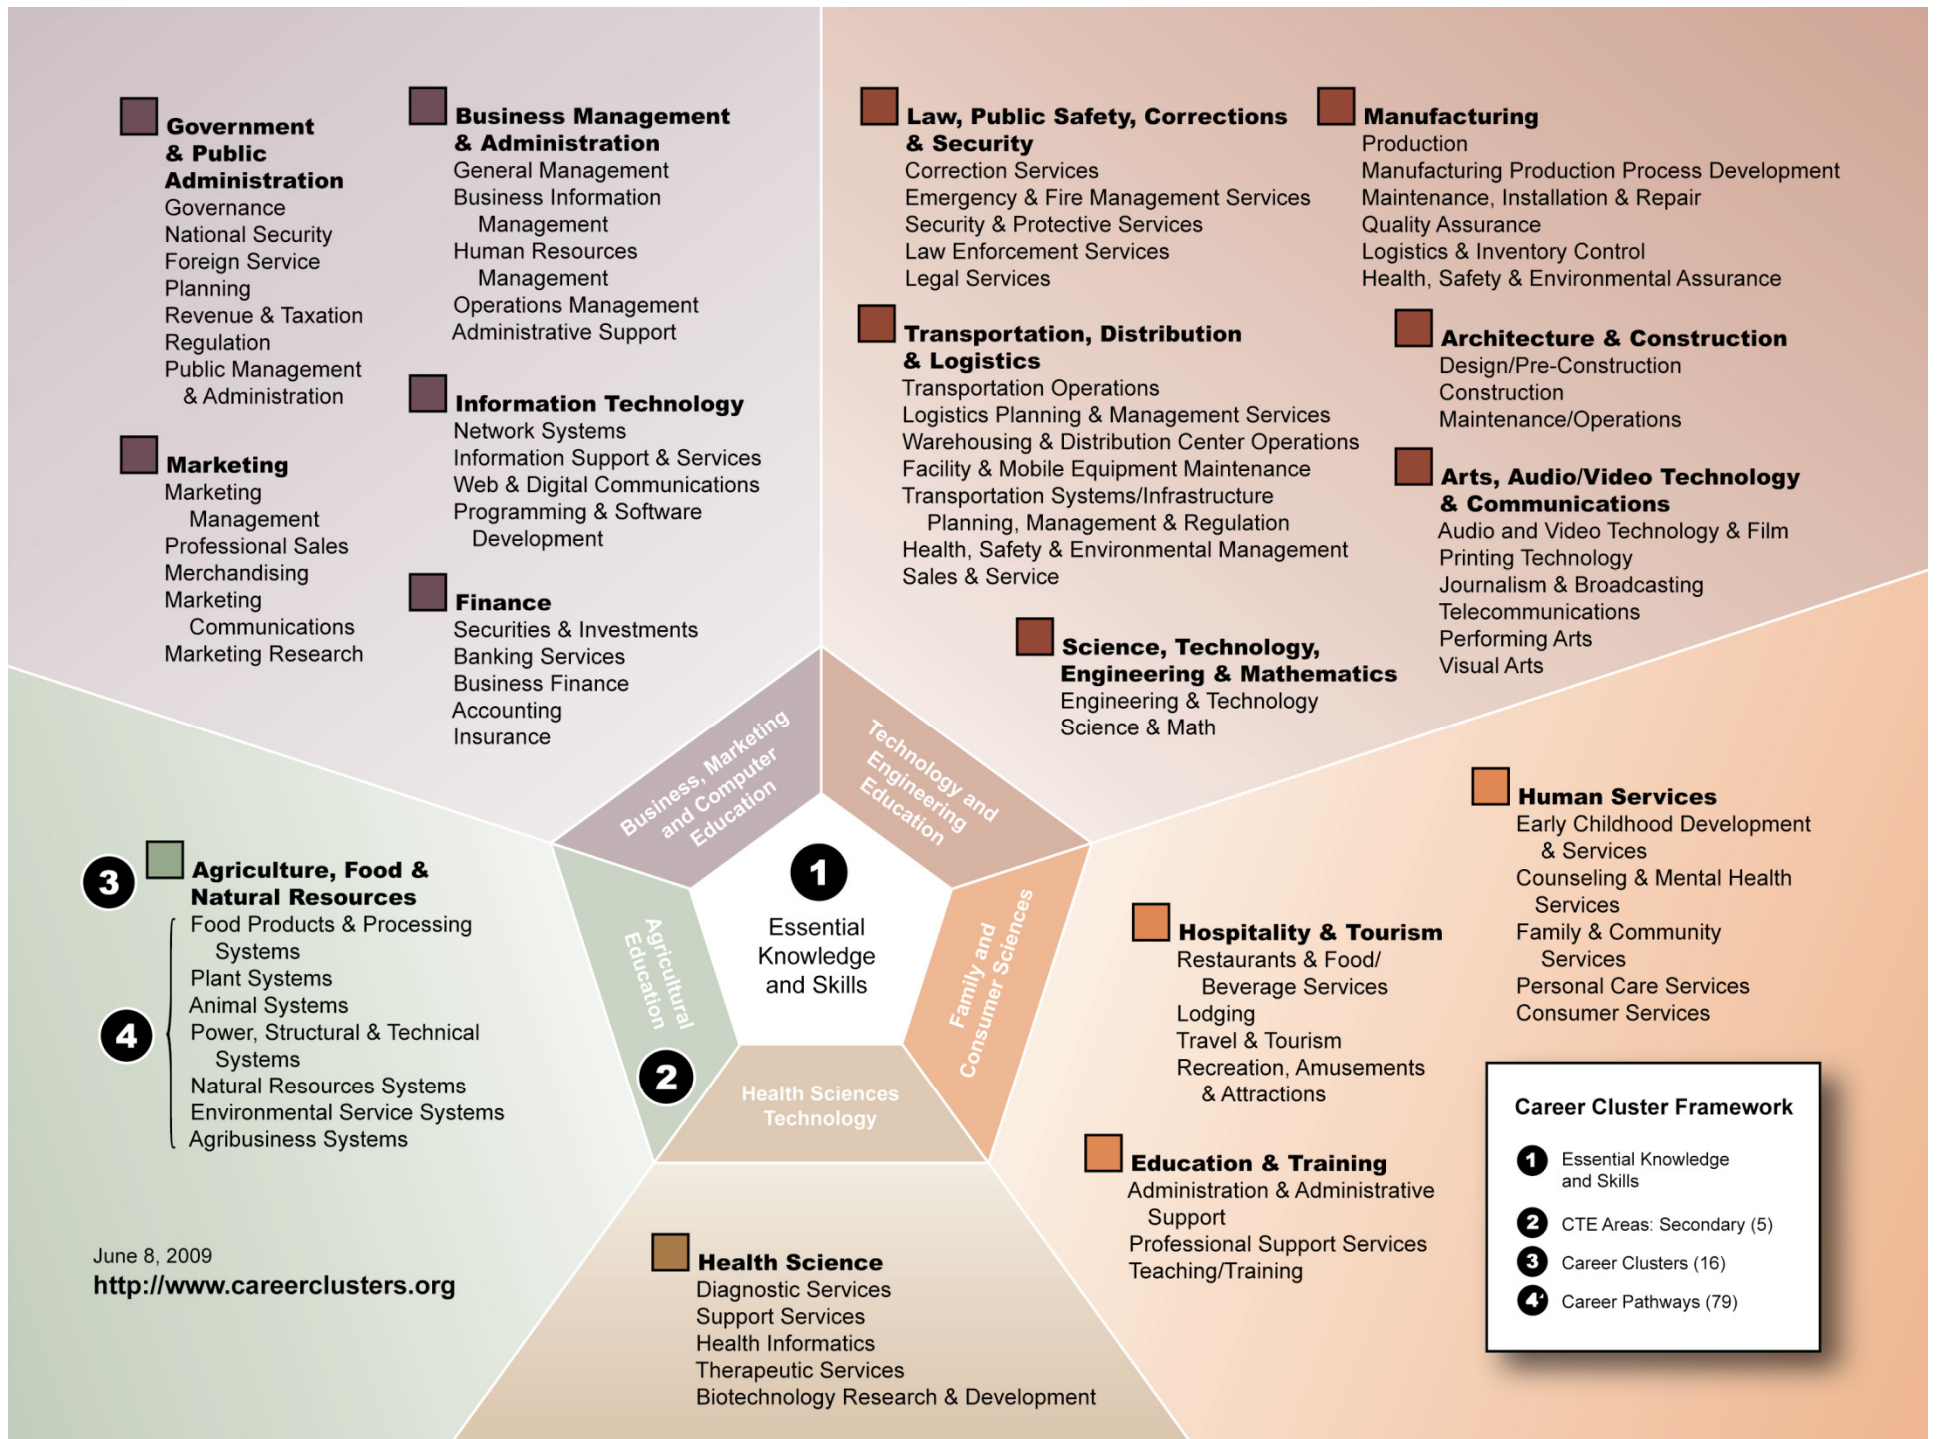

- Organizer of knowledge and skills needed by a broad industry
- There are 16 nationally recognized clusters, within which are multiple career pathways.

What are Career Pathways?

Career Pathways are multi-year programs of academic and technical study that prepare students for a full range of postsecondary options within each of the 16 clusters.

- Organizer of knowledge and skill statements shared by professions.
- Currently, there are ~79 nationally recognized pathways, each with specific **pathway level knowledge and skills**.

What are Programs of Study (POS)

- **sequences of courses** that incorporate:
 - a **non-duplicative** progression of secondary and postsecondary elements
 - both **academic and CTE** content
 - opportunities to earn **dual credit**
 - curriculum **alignment** to challenging standards and rigorous content
 - opportunities to earn an industry **recognized certificate or credential**

Career Development, CTE and POS

○ CTE

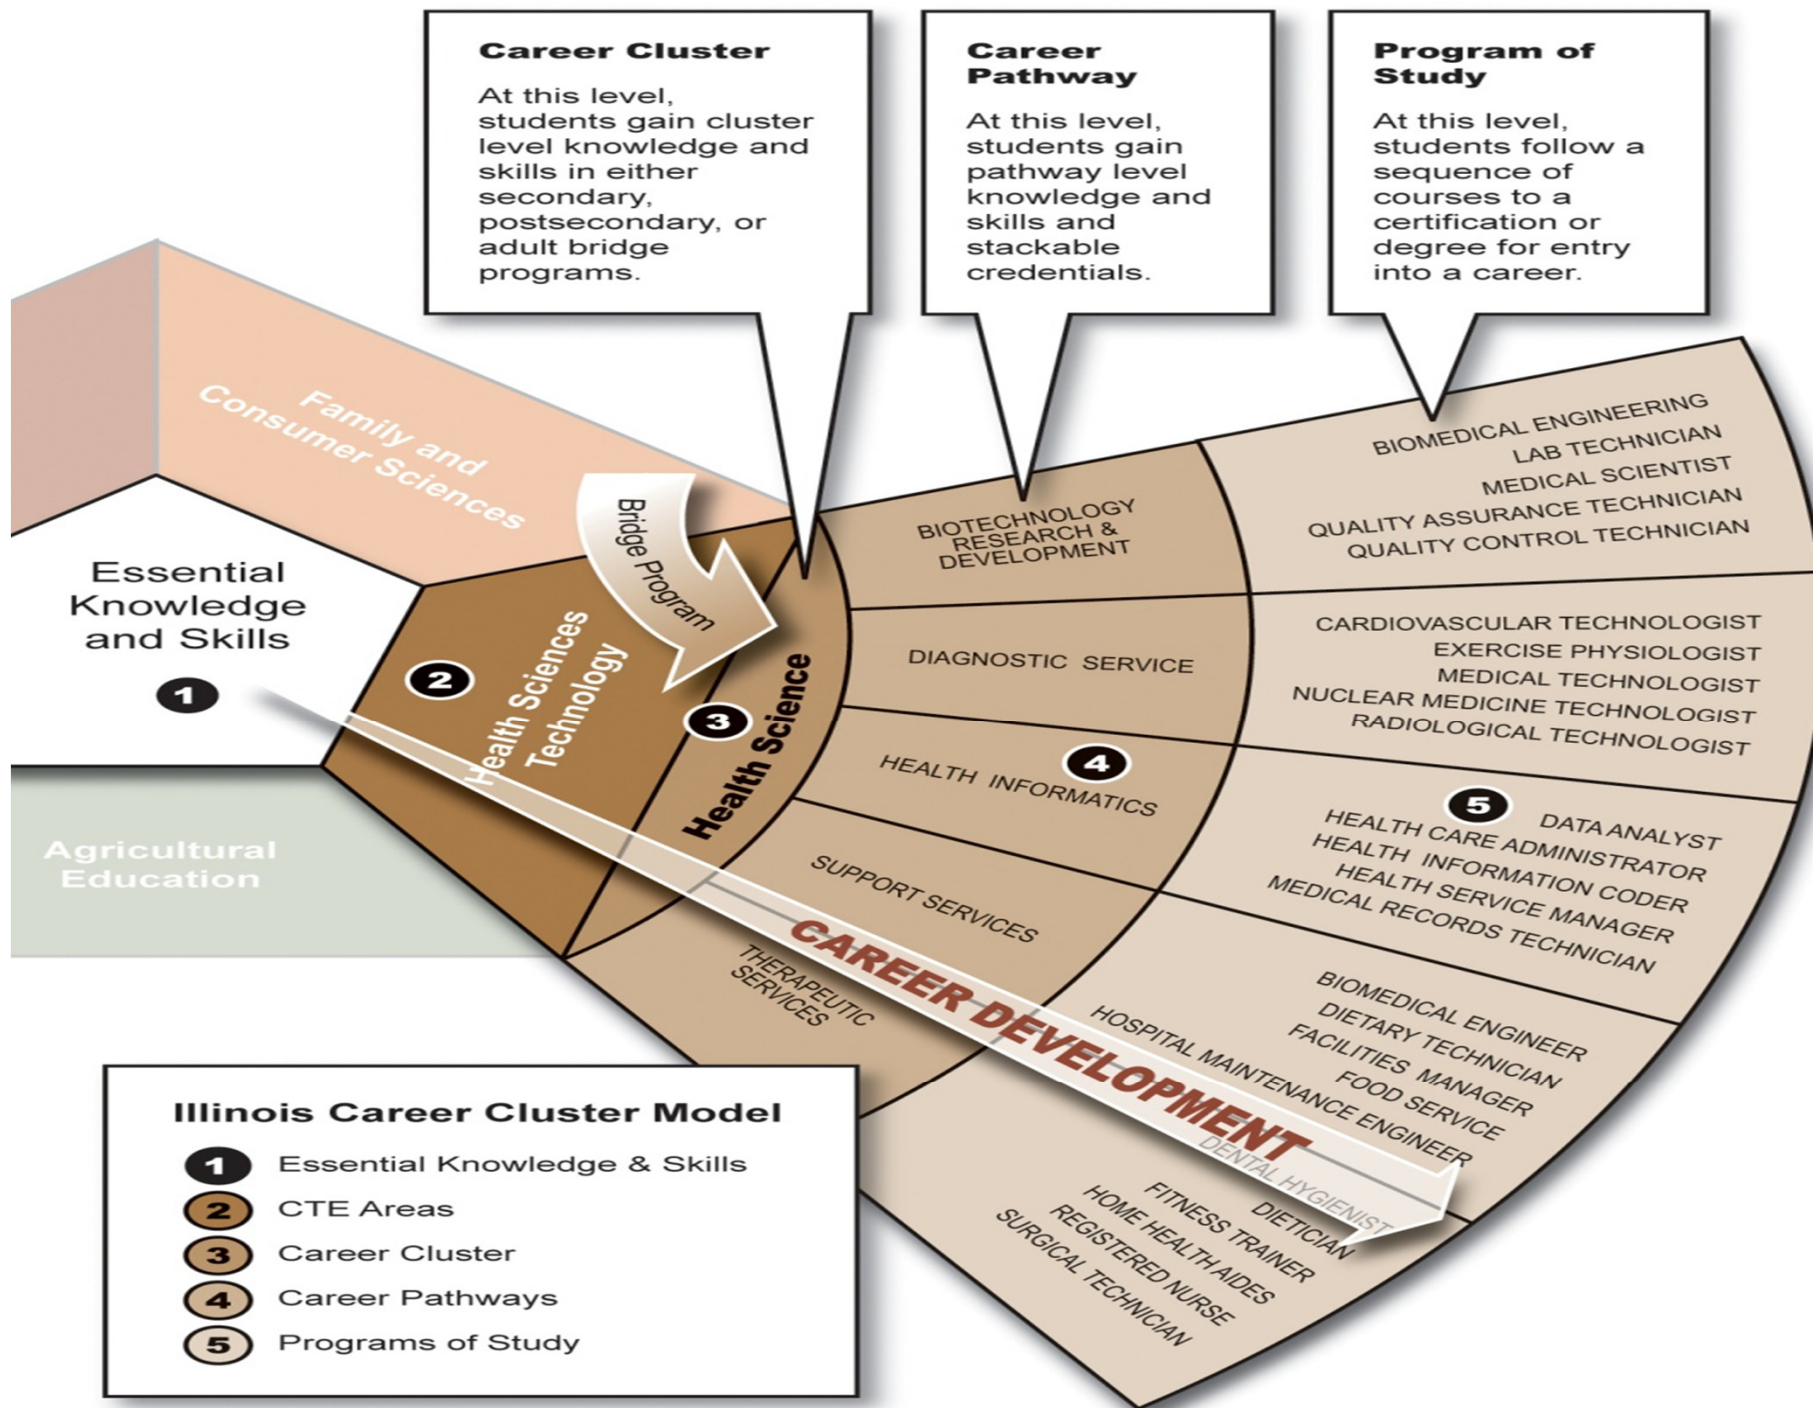

- important aspect of the comprehensive curriculum

○ Career Clusters and Career Pathways

- a way to guide through the career decision-making process
- assist to more clearly understand how educational choices affect future career options

○ POS

- combination of coursework, innovative instruction including work-based learning experiences, and support services that are aligned with career clusters and career pathways
- support structures and information guide students' course taking as they explore their career interests

What Can You Do To Facilitate Quality Career Development?

- **assist** with personalized plans of education
- **guide** students in choosing relevant coursework
- **promote** practical educational and career experiences
- **work with** other career services providers
- **encourage** students to access career information and explore options

- BENEFIT TO COUNSELORS- Career Development Across Grades

Programs of Study as a centerpiece of a guidance program can:

- **assist** students plan an individualized, coherent, educational path
- **connect** learner interest with coursework
- **motivate** learners to reach higher academic achievement
- **show** relevance of school to postsecondary and lifelong learning

SAMPLE

Agriculture, Food and Natural Resources: Agribusiness Systems

Career Pathway Plan of Study for ► Learners ► Parents ► Counselors ► Teachers/Faculty

This Career Pathway Plan of Study (based on the Agribusiness Systems Pathway of the Agriculture, Food and Natural Resources Career Cluster) can serve as a guide, along with other career planning materials, as learners continue on a career path. Courses listed within this plan are only recommended coursework and should be individualized to meet each learner's educational and career goals. *This Plan of Study, used for learners at an educational institution, should be customized with course titles and appropriate high school graduation requirements as well as college entrance requirements.

EDUCATION LEVELS	GRADE	English/ Language Arts	Math	Science	Social Studies/ Sciences	Other Required Courses Other Electives Recommended Electives Learner Activities	*Career and Technical Courses and/or Degree Major Courses for Agribusiness Systems Pathway	SAMPLE Occupations Relating to This Pathway	
Interest Inventory Administered and Plan of Study Initiated for all Learners									
SECONDARY	9	English/ Language Arts I	Algebra I	Earth or Environmental Science	State History Civics	All plans of study should meet local and state high school graduation require- ments and college entrance requirements. Supervised Agricultural Experience (SAE) and participation in ap- propriate FFA activities support and rein- force classroom and laboratory learning and should be a require- ment for all students.	• Introduction to Agriculture, Food and Natural Resources	Occupations Requiring Postsecondary Education ▶ Agricultural Chemical Dealer ▶ Agricultural Products Buyer- Distributor ▶ Bank/Loan Office ▶ Dairy Herd Supervisor ▶ Entrepreneur ▶ Farm Manager ▶ Farmer-Rancher-Feedlot Operator ▶ Feed-Supply Store Manager ▶ Field Representatives for Bank, Insurance Company or Government Program	
	10	English/ Language Arts II	Geometry	Biology	U.S. History		• Introduction to Agricultural Marketing, Business and Entrepreneurship • Accounting		
	11	English/ Language Arts III	Algebra II or other math course	Chemistry or other science course	World History		• Agricultural Business Management		
	College Placement Assessments-Academic/Career Advisement Provided								
	12	English/ Language Arts IV	Statistics or other math course				• Agricultural Economics • Internship in Agribusiness		
Articulation/Dual Credit Transcribed-Postsecondary courses may be taken/moved to the secondary level for articulation/dual credit purposes.									
POSTSECONDARY	Year 13	English Composition	Algebra	Chemistry	American Government	All plans of study need to meet learners' career goals with regard to required degrees, li- censes, certifications or journey worker status. Certain local student organization activities may also be important to include.	• Introduction to Agribusiness • Principles of Agribusiness • Agricultural Economics	Occupations Requiring Baccalaureate Degree ▶ Agricultural Commodity Broker ▶ Agricultural Economist ▶ Agricultural Educator ▶ Agricultural Lender ▶ Banker/Loan Officer ▶ Farm Investment Manager ▶ Produce Commission Manager	
	Year 14	Speech/ Oral Communication		Biological Science or Botany	American History Geography		• Agricultural Salesmanship • Agricultural Finance • Agricultural Advertising/Merchandising		
	Year 15	Technical Writing	Statistics		Psychology		• Continue Courses in the Area of Specialization		
	Year 16	Continue courses in the area of specialization.					• Complete Agribusiness Systems Major (4-Year Degree Program)

Career Clusters **Career Pathways and Programs of Study**

In the year 2007, Badger High School began to incorporate the 16 Career Clusters into the course selection process. These tools, Plans of Study and Career Pathways, are ways for students to group their required courses and electives into a cohesive sequence in preparation for college and careers. Utilizing the 16 Career Clusters, students can identify pathways from high school to work, two- and four-year schools, and even graduate school. By connecting education to future goals, students are motivated to work harder and enroll in more rigorous and relevant courses.

CAREER EXPLORATION AND DEVELOPMENT

- positively impact:
 - academic achievement
 - career maturity
 - educational motivation
 - coping skills
 - self-esteem
 - career decision-making
 - relevant and personalized education
