

Scaling Up Pathways to Results 2014

Wednesday, March 5

Call for Presentations - Due Friday

Presentation proposals are due Friday, December 20, 2013 for the Scaling Up Pathways to Results 2014 conference.

Who should apply?

Representatives from P-20 educational institutions are encouraged to submit breakout session presentation proposals for the conference. Preference will be given to proposals that provide new information in areas such as partnerships, data use, process improvement, equity and outcomes improvement, career pathways, and curriculum alignment.

Why should practitioners apply?

Practitioners experiences provide important insight into the implementation and application of the PTR process and as such are highly valued by the planning committee. Presenters can anticipate feedback from conference participants, and will have the opportunity to build partnerships among practitioners with similar goals.

What is required?

This proposal is brief: a 200 word summary and information about your knowledge on the subject matter. Partner presentations are welcome. Presentations will be 20-30 minutes long, as assigned by the conference committee.

What is the next step?

Presenters with successful proposals will be notified by January 15, 2014. The primary presenter for each proposal will receive a complimentary registration. To learn more, see the [Call for Presentations webpage](#).

This conference is led by the Office of Community College Research and Leadership and the Pathways Resource Center at the University of Illinois at Urbana-Champaign and funded by the Illinois Community College Board and the Illinois State Board of Education.
