### **Insight into Equity and Outcome Briefs, Issues 7 and 8 now available**

Equitable student outcomes are at the center of the Pathways to Results process. As we improve programs and pathways, the barriers to success for all students should continue to be at the forefront of the work we do. These briefs provide PTR stakeholders with information that empower transformation, calling attention to the needs of under-served students.

The seventh issue of Insights into Equity and Outcomes brings attention to [equitable representation in Programs of Study](#). The focus of the eighth brief is [the six guiding principles for Programs of Study and career pathways](#).
