

The Pathways Resource Center, which is affiliated with the Office of Community College Research and Leadership, is hosting two free webinars within the next few weeks that will be of interest to educators that are implementing Programs of Study. The PRC is funded through Illinois Race to the Top and provides support to RttT districts, as they implement programs of study in STEM fields. We encourage your participation; please access our website (pathways.illinois.edu) to obtain additional resources and information.

May 19, 10:00 – 10:45 am Webinar: *Introduction to a New Resource: STEM Pathways and Programs of Study in the Land of Lincoln*

- This free webinar is essential for high schools in Race to the Top districts; the webinar provides information on a supplement to the *Illinois Programs of Study Guide* and is organized around six guiding principles of POS development. Educators from non-RttT districts also will benefit from this webinar. [Please register here.](#)

June 5, 9:00 – 10:00 am Webinar: *STEM Programs of Study: Health Science Resources*

- This free webinar is provided for all high schools (both in RttT districts and non-RttT districts) that are interested in developing programs of study in the Health Sciences. Leaders of the Health Science Learning Exchange, Bruce Neimeyer and Kate Meixner, will team with PRC Coach Kathy Nicholson-Tosh to share a variety of Health Science curriculum resources.
